

Step 1 Choose which subscription type you want

Personal subscriptions

(unfortunately we cannot invoice for personal subscriptions)

All personal subscriptions now include:

- 1 x copy of each printed issue of the magazine
- 1 x online membership – giving you access to the full archive of articles published in that magazine along with the brand new online issues with interactive animations and videos.

Payment method

Because it's significantly less hassle for us to maintain your subscription when you pay through direct debit, we have offered a 10% discount of £5 off the subscription price every year. Alternatively you can still pay by cheque or credit/debit card (CC/DC) if you prefer.

- 5 x online memberships – one for you and four which you can nominate to colleagues, fellow practitioners or key contacts.

This subscription can be invoiced, or paid by cheque, credit card or by Direct Debit.

Library subscriptions

Library subscriptions are only available to educational establishments such as universities, training colleges or centres.

A library subscription includes:
